HANDBEARING  
 COMPASS

Item n° V-FINDER

## ► Features

- Two functions: handbearing & traditional compass.
- Memory ring.
- Field of view : 30°.
- Photoluminescent dial.
- Red lubber lines.
- Weight : 90g.
- Fluid Damped

A modern handbearing compass with a clean looking design, ergonomic and ambidextrous design.

**Shockproof, waterproof and sandproof : initially designed for regatta racing, it is also a precise and precious companion when trekking or hiking.**

- **Light & ergonomic:** the smooth finish feels soft in your hand, and it will not slip, even if it is wet.
- **Ambidextrous design:** is unique in that it manages to achieve an unparalleled level of comfort both for right and left-handed users.
- **Accurate bearing:** Hardened pivot and double cup stone are a guarantee of long life and shock resistance of your V-FINDER compass.
- **Memory ring:** The V-FINDER also has a memory ring, for setting the desired course.
- **Hi-Tech bottom cell:** engineered using ultra-sonic welding, it acts like an expansion membrane, eliminating bubbles and leaks.
- **Photoluminescent dial:** completely maintenance-free.
