

# EcoFlow GLACIER Classic

A portable cooler, freezer, and battery in one.

**Pack the Chill, Chase the Thrill**

2025/Retail Management Department

Note: Data Collected by April 2025

# Why EcoFlow GLACIER Classic Stands Out

## Dual-zone Flexibility

Store fresh and frozen foods at the same time.

## Perfect Fit for Any Ride

Three size options: 35L, 45L, or 55L to suit any vehicle.

35L

45L

55L

## Sized Down Packed Up

Fits up to 90 cans—with extra space for your must-haves.

## Up to 43hr Off-grid Use

298Wh built-in battery for extended performance.

## Maximized Freshness

2-inch foam layer & superior sealing lock in freshness and improve efficiency.

# Keep Fresh Here, Frozen There

The dual-zone design lets you store fresh and frozen food simultaneously. Advanced sensors maintain a precise temperature for longer food preservation, keeping perishable items like dairy and wine fresh longer.

## Dual-zone Design

45L & 55L Only

$\pm 1.8^{\circ}\text{F}$

Precise Temperature Control

$39.6^{\circ}\text{F}$

Maximum Temperature Difference

Fridge + Freezer

Freezer + Fridge

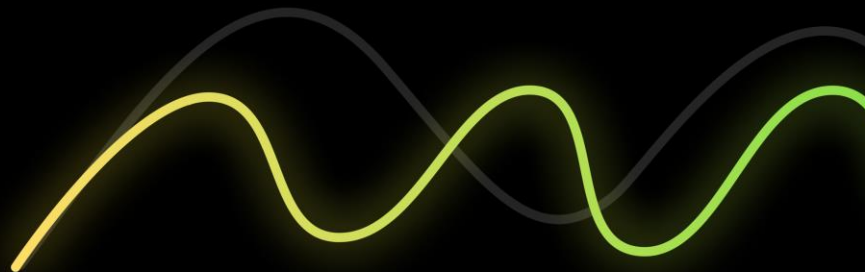

Fridge

Freezer

*\*The 35L model features single-zone cooling, switchable between fridge and freezer modes.*

Insulated Cooler

GLACIER Classic

# Max Performance, Minimal Effort

2-inch insulation foam and superior sealing keep food cold longer by reducing temperature changes and minimizing leakage. The high-efficiency copper wire compressor delivers powerful cooling, extending battery life for longer off-grid use.

## 60% Thicker Insulation

for Better Cooling\*

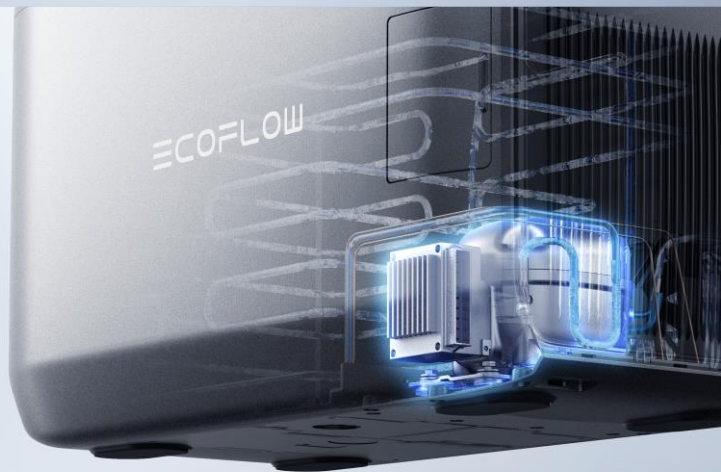

## Efficient Compressor

for Extended Runtime

## 40% Lower Power Consumption

than standard fridges

\*Based on laboratory testing data, the insulation thickness is 60% thicker than that of standard fridges.

# Perfectly Designed for Every Journey

Vehicle Compatibility | All-in-One Solution | Easy Transport

## Road-Ready

Available in 35L, 45L, and 55L capacities, the EcoFlow GLACIER Classic 35L is comparable to a standard 24-inch suitcase. It's an ideal fit for SUVs, Class B RVs, off-road vehicles, and more, saving valuable space while providing ample storage for your adventures.

# Perfectly Designed for Every Journey

Vehicle Compatibility | All-in-One Solution | Easy Transport

## Dual-Sided Door Access

Access your items from either side, no matter how the cooler is positioned in your vehicle. The dual-sided door design ensures flexible, hassle-free access, making it suitable for any setup.

## Effortless Slide Rail\*

Easily slide the GLACIER Classic out of your car, even in tight spaces. Perfect for narrow parking or camping setups, it reduces strain and makes loading and unloading effortless.

\*The Slide Rail is an optional accessory.

# Perfectly Designed for Every Journey

Vehicle Compatibility | All-in-One Solution | Easy Transport

## Detachable Pegboard

Provides vertical storage for tools, condiments, or other essentials, enhancing outdoor convenience.

## Tray Table

Doubles as a cutting board or prep surface—perfect for slicing veggies or prepping meals at camp.

## Storage Bag

Keeps small items like cans, cutlery, or condiments neatly organized and easy to access.

# Perfectly Designed for Every Journey

Vehicle Compatibility | All-in-One Solution | Easy Transport

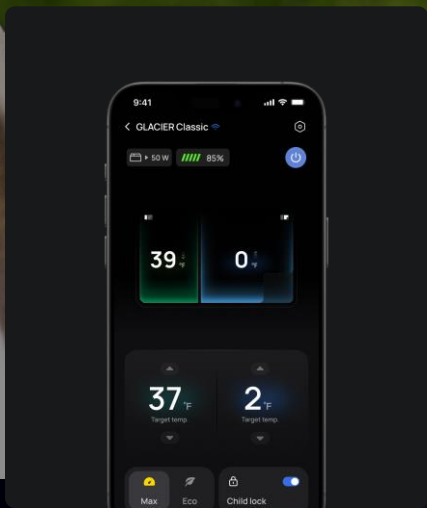

## Hidden Dual-Side Wide Handles

Equipped with hidden wide handles on both sides, it is designed for stable, comfortable two-person carrying.

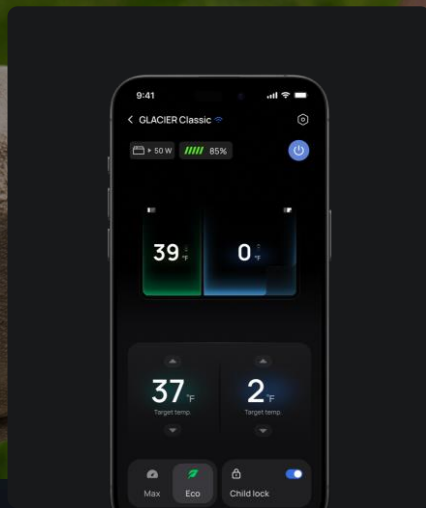

# It's All On the App

Remotely monitor, control, and personalize your GLACIER Classic via the EcoFlow app. From real-time battery status to water leak prevention alerts, mode changes, and scheduled shutdowns—everything is just a tap away on your phone.

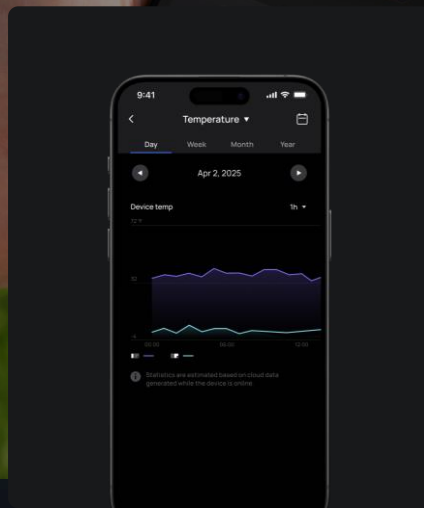

## Max Mode

Delivers maximum cooling for items like ice cream or frozen meats that need strict temperature control.

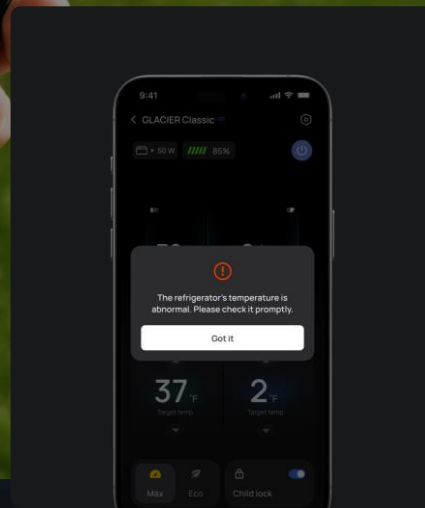

## Eco Mode

Reduces power consumption to extend battery life during long outdoor trips.

## Temperature Alert

Get notified if the internal temperature deviates by over 41°F for 10+ minutes, keeping items like meat and dairy safe.

## Temperature History

Review a 7-day temperature history curve to spot anomalies and ensure consistent food freshness.
