The Power and Reliability of KVH, the Speed of Starlink

Keep your family, friends, and crew connected when you turn to KVH for a Starlink high-performance terminal, as a standalone solution or as part of a comprehensive hardware and service solution. Enjoy seamless, intelligent integration of Starlink's speed and affordability (where available) with KVH's white glove service, proven global HTS network, multi-channel hybrid connections, and outstanding performance.

Add a Starlink flat panel high-performance terminal to your yacht's TracNet solution with our simple, single-cable installation and exclusive intelligent hybrid switching to ensure you enjoy the best and fastest communications at all times. And for existing TracPhone® terminal users, an easy configuration update and single cable enables automatic switching between KVH's global HTS network and Starlink for seamless connectivity.[1]

Turn to KVH as your single source for a complete Starlink solution. Enjoy same-day shipping, unmatched customer satisfaction, and 24/7/365 live warranty support and global service through KVH's OneCare Global Support Program. Plus you can activate your Starlink through KVH when it's right for you.

Enhance your onboard communications with fast speeds, affordable data, and KVH's advanced, integrated services for enhanced security, connectivity, and versatility.
