Precision CAN Instrumentation for Leisure Boats

KEY FEATURES

- ▼ NMEA 2000
- ▼ Anti-fog double layer plastic lens
- ▼ Protection rating IP X7

The OceanLink Navigation product family consists of five high-quality gauges with a classic analog design and modern digital bus inputs. Compatible with the NMEA 2000® protocol standard, these products can be easily integrated into your vessel's system and can read information from any NMEA 2000® compatible sensor.

The OceanLink compass displays your current heading information relative to magnetic or true north. Switch between the two by activating the infrared push button conveniently located on the instrument's dial.
