

ECOFLOW

GLACIER Classic 55L

Dimension

Dimensions- external

706×466×480 mm / 27.8×18.4×18.9 in

Net Weight

25.2kg/55.6 lb

Dimensions- internal

487×350×373.5 mm / 19×13.8×14.7 in

Capacity

Usable Volume

55L

Number of 330ml Cans

90 cans

Temperature Zone

Dual Temperature Zone

Input

AC Input

AC Adapter: 95W max, 14.5V;
100-240V 50/60Hz

DC Input

Solar Charging: 11-30V, 8A /110W max
Car Charging: 12V/24V, 8A/100W max

Operational Performance

Battery Runtime

39 hr

(Tested @ Ambient temperature: 25°C, Eco mode)

Cooling Capacity / Temperature Range In the Fridge

(-20°C) ~ (20°C)

*The left and right temperature zones support a 22°C temperature difference

Operating Temperature Range (machine ambient temperature)

(-10°C) ~ (50°C)

Power Consumption (Refrigerator)

Refrigeration(4°C): 190Wh/24h ; 0.67 Ah/h

Freezing (-18°C): 750Wh/24h ; 2.6 Ah/h

(Tested @ Ambient temperature: 25°C, Eco mode)

Power Combination

55W

Noise

< 38.5 dB

Protection Level

IPX4

Temperature Accuracy

Eco mode: ±2~3°C; Max mode: ±1°C

Storage Temperature

(-20°C) ~ (60°C)

Energy Efficiency Level

Domestic: Level 2

Europe: C-class efficiency

North America: DOE and ENERGY STAR
